

**Native Offerings Farm  
2008 Order Form For Beef**

Name:  
Address:

Telephone number:  
Email:

**BEEF**

Cattle are rotationally grazed and grass finished. Expect a rich beef flavor. The beef should be ready late fall or early winter.

*Halves and quarters are priced according to a hanging weight (the weight of the quarter or side before bones are cut out and meat is trimmed, cut and wrapped) of 450-750 pounds for a whole animal. Processing adds about \$0.30 per pound. Price includes trucking. Our cow sizes and weights are variable, expected poundage is approximate.*

- \_\_\_\_\_ Half beef costs \$2.75 /lb. Expect about 250 pounds.
- \_\_\_\_\_ Quarter beef costs \$2.95/lb. Expect about 125 pounds.
- \_\_\_\_\_ This should fit into the freezer of an average refrigerator.
- \_\_\_\_\_ I have enclosed a \$20.00 deposit.

Please keep a copy for your records.
